Retail To Let In Harrington Street

Harrington Street is a Cape Town institution. With years of history, and multiple well-known restaurants and retail outlets, this is the spot to be. This newly refurbished building has all the foot traffic one could want, is easily accessible to the N1 and M3 highways, is within walking distance to the Cape Town Station and has plenty of street parking.

99 Harrington Street is a new retail and commercial building. With the potential to customise the space to perfectly suit your business, this space is a blank canvas.

This unit is on the second floor and is 200sqm. Perfectly located opposite a new hotel development, coming soon.
